Rivers

26th INTERNATIONAL CONFERENCE & 46th ANNUAL GENERAL MEETING

THEME Engineering Climate-Resilient and Smart Agricultural Systems for Sustainable Food Security and Agro-Industrial Growth

SUB-THEMES

- Climate Smart Agricultural Engineering Systems
- Smart Mechanization and Autonomous Farm Machineries
- Artificial Intelligence, Machine Vision, and Precision Agriculture
- Post Harvest Engineering and Value Addition Technologies
- Renewable Energy and Power Systems in Agriculture
- Water Resources Engineering and Climate Adaptation
- Agricultural Structures and Environmental Control Systems
- Sustainable Soil and Land Engineering
- Agro-Industrial Systems and Circular Bio-Economy
- Digital Agriculture Platforms and Big Data Analysis
- Policy, Commercialization, and Technology Adoption
- Indigenous Technology Development and Local Fabrication Systems
- Agricultural Space Technology and Geospatial Engineering

CONFERENCE REGISTRATION

Early Bird (Physical and Virtual)	- N50,000
Late Registration	- N60,000
On-Site Registration	- N65,000
Students	- N15,000
Spouse	- N15,000
Foreign Participants	- \$200

IMPORTANT DATES

Full Paper Submission Ends **18th Sept., 2026**
Full Paper Acceptance Notification **30th Sept., 2026**
Camera-Ready Submission **9th Oct., 2026**

Submit your Paper here <https://cmt3research.microsoft.com/MAKURDI2026/>

**MON., 9 - FRI., 13
NOVEMBER, 2026**
